```
graph BT; A["C:/microchip/harmony/v2_06/apps/1730_PortierWireless_InOut_04/firmware/src/Management.c"] --> C["C:/microchip/harmony/v2_06/apps/1730_PortierWireless_InOut_04/firmware/src/Management.h"]; B["C:/microchip/harmony/v2_06/apps/1730_PortierWireless_InOut_04/firmware/src/app.c"] --> C;
```

The diagram illustrates a dependency relationship between three files in a project. At the top, a grey box represents the header file 'Management.h'. Below it, two white boxes represent source files: 'Management.c' on the left and 'app.c' on the right. Blue arrows point from each source file box up to the header file box, indicating that both source files include or depend on the header file.
